

STRENGTH IN NUMBERS

100% ISLAND MATURED, WITH ONLY 20 CASKS
AVAILABLE WORLDWIDE, OUR SINGLE CASK
STRENGTH EXPRESSION OF LAMBAY WHISKEY
SINGLE MALT IS A PURE TASTE OF ISLAND LIFE.

We now offer an exclusive Cask program for whiskey fans and collectors alike. Only 20 casks will be released of this highly exclusive Lambay Whiskey Single Malt - Single Cask Strength. Lambay Whiskey Single Malt is triple distilled malt whiskey, bourbon cask matured and finished in cognac casks. These casks were carried across the sea from the world-renowned cellars of Maison Camus to our bonded warehouse several years ago.

Located on Lambay's western shoreline, the atmosphere in our warehouse offers perfect conditions for maritime maturation. Sea-spray, iodine, brine and the island's botanicals infuse the wood as our Single Malt matures. These casks have been sleeping since the brand launched in 2018, allowing the elements of several seasons to be absorbed into the wood.

COLOUR: Cocoa/Mahogany Brown

AROMA: Aroma, taste and finish are unique to each cask therefore tasting notes are completely

TASTE: personal to the palette of the whiskey aficionado who wishes to purchase from our cask program.

FINISH:

ABV 45-59% alc/vol.

THE LAMBAY WHISKEY CASK PROGRAM

Lambay Irish Whiskey Company offer a high level of personalisation when purchasing this super premium and highly exclusive product.

ORDER SAMPLE & TASTE

Three 100 ml samples from three different Single Malt Single Cask Strength casks are sent to the customer. Each sample has varying taste notes due to its position in the maturation warehouse on Lambay Island. The alc/vol along with cask and batch information is shared, to enable the customer to make their preferred selection.

SELECT SAMPLE & ORDER

After sampling, the customer selects their chosen cask and the maturation process is ceased. We do not hold onto casks for maturation on the island, but rather bottle the full cask and prepare for the customer straight away. On average 350 - 400 bottles are delivered per cask. Having reached full cask strength intensity and aromatic concentration, this small batch whiskey is ready to be enjoyed.

DELIVERY & ENJOY

The customer is offered a choice of personalisation on the label of the whiskey and each label is recorded with their cask and batch number as well as the rare signature of Ex-Master Blender Patrick Léger. All bottles have a bespoke neck tag, again explaining the batch rarity and taste notes of the whiskey within, before being placed in a handcrafted wooden box. The perfect product for the avid whisk(e)y collector!

An average of 3 - 6 months are needed to complete the full order cycle.
